## momentum

securities

# **International Portfolio**

### **Investment Objective**

This is a high conviction international portfolio focused on maximising risk adjusted returns to the investors over the medium to long-term by investing in global listed equities. The returns of this portfolio are based on the ability of world equity markets indices to deliver returns in excess of inflation and the ability of the portfolio manager and our research team to identify and take positions in undervalued securities.

## **Investment Profile**

- Investors who have a longer investment term and want the highest possible risk-adjusted return on their invested capital.
- Value-based investors with high risk tolerance.
- Investors who understand that there are investment cycles that cause share prices to fluctuate.
