High Dividend Portfolio

Investment Objective

This is an income focused portfolio, investing in local, high value shares, paying higher and sustainable dividends. This portfolio is generally less volatile. It aims to provide the investor with an

attractive dividend yield over the long-term, whilst striking a balance between capital growth and return on investment.

Investment Profile

- Retired individuals or individuals close to retirement. Individuals requiring a certain level of investment return from their discretionary investment.
- Value-based investors who have a moderate to high risk tolerance, and understand that investment cycles cause asset prices to fluctuate.
- Main objective: To strike a balance between capital growth and return on investments.
